- Cut off points are situated after aid stations.
- Athletes who do not leave these control points prior the established time limits will not be allowed

to continue the race.

- It is forbidden to go beyond the cut-off point and then go back to use the aid station. Race officials reserve the right to disqualify athletes who disrespect the rules.
- Participants who reach the check points after the maximum time, those who are injured and those who are judged by the medical staff to be unfit to continue the race, and any other athletes who decide to drop out, shall be taken to the finish line by organization vehicle. For logistical reasons, athletes who have dropped out may have to wait before being accompanied to the finish area.

ATTENTION: Any participant who drops out of the race at any point other than the established check points should make their own way back to the control point and immediately inform the race organizers by text message to the number indicated on the bib number

ART 10

CONTROL POINTS AND AID STATIONS

This is a semi self-sufficient race and athletes are obligated to bring at least a supply of half-liter of water and sufficient food between points.

Semi-self-sufficiency is defined as the ability to be autonomous between aid stations in terms of food and equipment and also to be safely able to adapt to any problems (bad weather, physical distress, injury).

This means that the following rules are necessary:

- athletes must always carry all obligatory equipment during the entire race.
- The Organizers only provide water or electrolyte drinks for flasks/water bottles
- and camelbags and various types of solid food.
- When leaving an aid station, athletes must have a sufficient quantity of water and food to reach the following aid station.
- Only runners carrying a visible BIB number have access to the aid stations.
- It is strictly forbidden for athletes to drink from the bottles provided by the Aid stations personal cups or flasks must be used.
- Garbage must be thrown into the trash cans present in every aid station.
- Check points shall be set up along the route, where members of the staff shall monitor the athletes as they pass and also may apply random checks to verify that the athletes are in possession of the mandatory race equipment. Should anyone refuse to undergo the check on the mandatory race equipment, they shall be disqualified immediately.
- There is another aid station at the finish line. Furthermore, each participant can have a post-race meal (time and place stated in the event schedule); in order to benefit of post-race meal, it is necessary to show your race bib.

RACE	CONTROL POINTS	AID STATIONS
Molika Trail	3	4
Big Lake Trail	1	2

ART 11

ASSISTANCE DURING THE RACE

Assistance from family or team members is permitted at all aid stations, in a specific area, and with the agreement of the head of the station:

- Only one assistant per athlete will be admitted only when the athlete has arrived.
- Being accompanied by any person not registered in the race (pacer) on a stretch of the race or along the whole race is forbidden.

ART 12

RACE ROUTE

„Pelister Ultra-Trail®“ race routes requires the ability to run on particular kinds of terrain, trails and impervious or treacherous paths (slopes with rocky outcroppings or debris) that are sometimes without barriers.

RACE	LINK
Molika Trail	https://tracedetrail.fr/en/trace/trace/145860
Big Lake Trail	https://tracedetrail.fr/en/trace/trace/145831

Should adverse weather conditions occur or one or more paths become inaccessible, alternative routes will be outlined at the briefing before the start of the race. Place of the meeting will be published and announced on our website or our Facebook Page.

Race kilometres are not marked. Athletes should strictly adhere to the marked race route and avoid taking shortcuts or cutting out sections of the route. Any departures from the official route will lead to disqualification and shall be at the sole risk of athletes.

ART 13

INSURANCE

Athletes are highly recommended to take out a valid individual insurance policy that covers find and rescue costs as well as incurring medical costs.

Athletes are responsible for handing over their personal file to their insurance company if necessary, within the given timeframe.

ART 14

SAFETY

Members of the Organization and the Mountain Rescue Teams, in constant contact with Race HQ, will be positioned along the race route. Paramedics shall be positioned at different points along the race route, but also at the start and finish.

Medical assistance teams and Mountain Rescue teams will be provided along the routes in case of emergency. In case of injury or other necessity, athletes will have to call the SOS phone provided by the organizer on the Bib-number. If they are in an area which is not covered by phone signal, they will have to convey the message to the first next checkpoint – so that actions can be taken as soon as possible.

However, by considering the inaccessible terrain and unforeseen mountain weather, the first responders to such events are the runners themselves. Therefore, each runner is obliged to stop his/her race and to be actively involved in the assistance and rescue of other injured runners.

By submitting the registration form, each athlete confirms that it is aware of the dangers of competition in nature and takes the risk by themselves. The organizer will do its best to reduce the risks. However, we kindly ask the athletes to follow our advice and recommendations:

- In order to preserve the safety and health of athletes, regulators and medical teams checkpoints have the right to stop the race and exclude those athletes who have been assessed that are no longer able to continue the race.
- In any event, athletes are required to follow instructions from controllers and medical teams. Any violation of these guidelines will lead to the disqualification of an athlete, and if he/she decides to continue at all costs, the organizer assumes no responsibility for possible side effects.
- Each athlete that has any disease or medical condition is advised to consult a specialist for permission to participate in the races, and their doctor must notify the organizer of the race.

ART 15

MARKINGS

The route is marked with flags, coloured tape, and semi-permanent sign posts in yellow, as well as markings for distance completed and distance to finish. The route may be downloaded from the Organization's website to be used on smartphones and GPS devices. Additional race info may be heard on the technical meeting prior to the races.

WARNING! Do not rely exclusively on your watch data. Depending on the weather and other factors, differences in data must be considered.

ART 16

ENVIRONMENT

The race shall take place in the National Park Pelister - an area with a natural ecosystem. Participants are therefore required to fully respect the environment, in particular by not leaving rubbish, picking flowers or disturbing the wildlife. Anyone found leaving rubbish along the route shall be disqualified from the race. In the various aid stations there are rubbish bins into which athletes may throw their rubbish. The organizers advise athletes to carry a small bag for collecting any tissues which can then be disposed of at aid stations.

Athletes must follow the outlined paths and avoid leaving them so as not to cause damage to the surrounding environment.

In order to reduce the use of plastic, there will be no disposable cups available at aid stations thus athletes must bring their own cups/flasks.

ART 17

WEATHER CONDITIONS

In case of adverse weather conditions (dense fog, snow or thunderstorms), the organizers reserve the right to make last-minute changes, even during the race, to the race route in order to eliminate potential hazards or conditions that could cause hardship for participants. The staff shall inform the participants of any changes. The organisers also reserve the right to suspend or cancel the race if the weather conditions are such that they put athletes, staff or medical teams at risk.

The organizer also reserves the right to temporarily suspend or completely cancel the race if the weather conditions are such as to directly put participants in danger, volunteers and medical rescue teams on the ground.

- Seniors 1 - (50-60) Female & Males (F&M);
- Veterans - (60+) Female & Males (F&M);

Final ranking will be in general classification, category Male (M) and Female (F).

ART 21

IMAGE RIGHTS

On registration, athletes authorize the organizers to freely use any images depicting athletes during their participation in Pelister Ultra-Trail®, whether still or in movement, with no territorial or time limits.

ART 22

WAIVER OF RESPONSIBILITY

By registering, the participant acknowledges that the competition requirements, legal order and rules of procedure are binding. These regulations serve the uniform and equal engagement in the sport and are non-appealable in a court of law.

Their recognition and upholding are a prerequisite for participating in the event. Each entrant is responsible for the technical safety of his/her gear and must ensure that it is in conformity with the rules. The organizer assumes no liability for accidents, personal injury or material damage, theft or other damages!
